BUSY SESSION OF COMMISSIONERS

Several Important Matters Are Disposed of by Weber County Board.

After the county commissioners had decided on two different occasions not to appoint any water commissioners this year, they appointed two commissioners yesterday. This was done after representations had been made by different irrigation companies showing the necessity for this action. Among those who appeared before the board yesterday were representatives from the Wilson, Hooper, Warren, Plain City, Marriotts, Harrisville, North Ogden and Farr West irrigation companies. These men pointed out how many persons took water to which they were not entitled, and that already some minor alterations had arisen. The board, upon recommendation of the delegation, appointed Frank Stratford, who will distribute the water from the Weber river, and Joseph A. Taylor to distribute the water from the Ogden river.

Simon Bamberger, president and general manager of the Salt Lake & Ogden railway, together with several other persons identified with that line, appeared before the board and submitted two petitions. The first was for the right to make a small change in the county road in the Riverdale district, it appears that at a point to the south of the Riverdale settlement the county road and the line of the railroad each emerge from a cut in the hill at about the same point, making a dangerous crossing. A slight change in the roadway would eliminate this and permit an overhead crossing being put in. This would also enable the railroad people to maintain a higher rate of speed over that point which appears to be quite an important item with the Salt Lake & Ogden railway. Engineer Vail presented a blue print of the proposed line and change, after which the matter was thoroughly discussed. It was finally decided that the commissioners visit the scene of the proposed change in the roadway in company with the railroad officials on Thursday morning, and the matter will be taken up at a special meeting of the board Thursday afternoon. A petition from the freeholders of the precinct affected will have to be presented to the commissioners before they can take any definite action in the matter. Should the commissioners feel favorably disposed toward the change, the petition will be circulated by the railroad people at once.

The other matter presented by the Salt Lake & Ogden people was an application for a franchise giving them the right to cross the county road at any point in the county, as now the franchise is a privilege. In speaking upon this matter Mr. Bamberger stated that the reason for their desiring that the franchise be granted was that they were about to issue the bonds of the road, and this county was the only one in which they had not all the franchises necessary. As a result of this explanation the franchise was referred to Chairman Joseph Stanford and the city attorney, who will render a report at the special meeting Thursday, when it is expected that the franchise will be granted.

The commissioners appointed as delegates to the National Irrigation congress at Boise, in addition to themselves, Preston Blair and C. A. Christensen.

In accordance with the levy fixed by the state board of equalization, the valuation on sheep raised at 15 cents a head, the tax levy for the county was not taken up, as expected. This matter, however, will likely be taken up at Thursday afternoon's meeting.

In compliance with the law, the county clerk submitted a statement showing the indebtedness of the county, funded and floating, stating the amount of each class and the rate of interest borne by such indebtedness, also a statement of all property owned by the county, with an estimate of its value and the amount of cash in the several funds. The report is as follows:

BLEND OF COURAGE AND DEEP CAUTION

London, July 24.—All the newspapers this morning comment on Premier Campbell-Bannerman's address before the Inter-Parliamentary union, and especially his phrase, "The Russian parliament is a long live the Russian parliament." The conservative journals consider this latter diplomatic and indiscreet while others diplomatically correct the interpretation to suit the emperor of Russia, while the liberal organs characterize it as a blend of high courage and deep caution, nothing over which diplomacy can stumble.

VOLIVA IS CUNNING.

Will Not Reduce Charges Against Dowie to Writing.

Chicago, July 23.—John Alexander Dowie has made a formal demand on William Glen Voliva, present head of the Christian Catholic Apostolic church, for a declaration of charges in writing made against Dowie's moral character.

Voliva today refused to comply with the demand, saying that he was not willing to give every charge which has been made against his moral character, so that he may defend himself, according to his attorneys, but has been unsuccessful.

The court decision in the controversy between Voliva and Dowie as to who shall control Zion City is set for the latter part of this week.

ASK WATER IN SAN JUAN.

George A. Adams, F. J. Adams, E. R. Hyde and C. R. Christensen have filed an application with the state engineer for a second-year demand on the Weber Glen Voliva, present head of the Christian Catholic Apostolic church, for a declaration of charges in writing made against Dowie's moral character.

Voliva today refused to comply with the demand, saying that he was not willing to give every charge which has been made against his moral character, so that he may defend himself, according to his attorneys, but has been unsuccessful.

MAY BUY MORE MACHINES

County Commissioners Find Some Precincts Too Large for One Voting Device.

County Clerk J. U. Eldredge, Jr., yesterday called to the attention of the county commissioners the fact that about five election districts will have over 1,000 voters this fall. He suggested that one additional voting machine each be purchased for such districts, and the commissioners decided to meet with the city council committee on voting machines Thursday to see if the city would share the expense of buying the extra machines.

The commissioners awarded to W. A. Duval, the lowest bidder, the contract for tinting and calicimining the third and fourth floors of the city and county building. The contract price is \$300.

The chairman and clerk of the board were met by a delegation from the value of \$1,000 each, which were sold recently to E. H. Rollins & Sons of Chicago to refund the county debt. After the bonds are signed they will be turned over to County Treasurer W. O. Carls for delivery to the purchasers.

Sheriff Henry Grady will have the board that he had appointed Joseph H. Smith to serve as deputy sheriff at Saltair without pay from the county. The board confirmed the appointment.

JUNIORS ORGANIZE CAMP

Y. M. C. A. Boys Take Long Hike From Bountiful—Kill Four Rattlesnakes En Route.

The boys of the junior class of the Y. M. C. A. are now in camp at East Bountiful canyon. They are camped in the same site that the preparatory boys used last year. The camp is situated on a hillside of P. J. Lucas, secretary of the boys' section of the Y. M. C. A.

The boys were organized into a camp and adopted the same camp laws that were used by the preparatory class. The election of camp officers followed, which resulted as follows: Mayor, Jerome Mooney; judge, Richard Kietling; chief of police, Howard Candland. It was decided not to elect any officers in the evening unless it becomes necessary. After the election the officers were sworn in.

Fifteen of the campers, the secretary Lucas walked from Bountiful to Salt Lake yesterday, making the trip in eight hours. They carried three Bountiful rattle snakes across Black Mountain and then down City Creek canyon. While coming over Black Mountain they killed four rattlesnakes, one of which was of great length and had eleven rattles.

The boys stayed in the city during the night and will return to camp this morning. Visitors' day for the junior camp will be Wednesday. Those who desire to go may leave on the 11 o'clock train for Bountiful. A stage will meet the train and reservations should be made at the Y. M. C. A. before 7 o'clock this evening. The juniors will break camp next Monday when the business boys start their camp.

TELLS OF PERILOUS VOYAGE

Arrowhead Has Account of Only Steamboat Trip Through Grand Canon of Colorado.

A thrilling article of steamboat adventure forms the feature of the current number of the Arrowhead, published by the passenger department of the Salt Lake Route. It is by Captain Thomas B. Merry, and is entitled "Heroic Steamboat Voyage of Early Days." The article is in a yellow package, and passed through the Grand canon of the Colorado." It is an account of a hazardous attempt to secure for the Utah pioneers a cheaper form of transportation.

"Beautiful Saltair, Gem of Utah's Inland Sea," is another illustrated article. The Los Angeles end of the line is also represented by illustrated articles.

AERONAUTS HERE TODAY

Will Make Their First Appearance at the Salt Palace This Evening.

The Colemans, a quartette of aeronauts, will make their first appearance in this city at the Salt Palace at 7 o'clock tonight.

The Colemans do not make the ordinary flights by balloon. Each of their stunts is a novelty, and tonight they will perform their two greatest sensations—the "cannon act," in which a man is shot out of a cannon, and a "mid-air serpentine dance," which exhibits a woman performing the dance on a circular ball, after dropping from a balloon.

The Coleman company will be here for one week and will offer several novelties. The Zeno brothers have a trapeze performance, which, like the Colemans' act, is free. Both attractions will remain throughout the week. Besides the trapeze and dancing and a concert by Held's band, not to mention the races and all the mid-way attractions.

IMMUNE FROM ARREST.

No Attempt Will Be Made to Serve Warrant Upon Rockefeller.

Findlay, O., July 23.—No attempt will be made to arrest John D. Rockefeller when he arrives in New York Friday. Attorney Troup of Bowling Green, O., representing Mr. Rockefeller, was here today and received the permission of Prosecutor Davis and Probate Judge Banker to enter Rockefeller's appearance in the latter's name and this was accordingly done. Sheriff Grady will have the warrant, but on account of the turn of events will not attempt to serve it. The warrant was issued recently upon an information filed by Prosecutor Davis, charging Mr. Rockefeller and the Standard Oil company with an alleged violation of the Valentine anti-trust law.

NO ROOM FOR THE LEPER.

Unfortunate Syrian Trying to Reach Colony in New York.

Baltimore, July 23.—George Rossett, the Syrian leper, who, while endeavoring to make his way to the leper colony at North Brother Island, New York, was stopped by the Philadelphia authorities and by the Baltimore and Ohio railroad in another endeavor, apparently to reach New York, today reported that he has been located at Goldenrod, where he has been located in a box car.

ICE DEALERS INDICTED.

Cincinnati, July 23.—Sixteen indictments on charges of restraint of trade in the matter of advancing the price of ice were returned today by the grand jury. Ten individuals and five firms were indicted, all being members of the ice dealers' exchange. Those indicted are members of the exchange who attended a meeting on May 30, when a general advance in the price was declared.

THREE FACTS

For Sick Women To Consider

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ills is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.
